PRODUCT DESIGN

ACCESSORIES

EXCHANGE KITS (WS)*

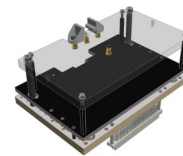

WS 1200
incl. holder for 2 pieces D-Sub connectors 9 to 25-pin
max. product area: 160x100mm

WS 1250
incl. internal 192pol. VG bar interface
max. product area: 320x100mm

WS 1251
incl. internal 96pol. VG bar interface
max. product area: 160x100mm

ADJUSTABLE PRESSURE ELEMENTS

WA AE 100
Traverse with four height-adjustable hold-down devices
pre-assembled, including fastening material

WA AE 1250
Traverse with four height-adjustable hold-down devices
pre-assembled, including fastening material

* Interchangeable kits consist of moving plate (AP), support plate (PAP) and Probe plate (KTP). AP, PAP and KTP are sold separately.

ACCESSORIES

SUSPENSION TEST SUPPORTS

WA GPA 13 3N

Force: 3N; incl. mounting sleeve

Spring height (extended): 13.3mm

Head diameter: 4mm

Material: nickel

WA GPA 13 6N

Force: 6N; incl. mounting sleeve

Spring height (extended): 13.3mm

Head diameter: 4mm

Material: brass

WA GPA 13 3N K

Force: 3N; incl. mounting sleeve

Spring height (extended): 13.3mm

Head diameter: 3mm

Material: Plastic

WA GPA 13 6N K

Force: 6N; incl. mounting sleeve

Spring height (extended): 13.3mm

Head diameter: 3mm

Material: Plastic

Locking magnet

WA M 1200 VM

24V DC

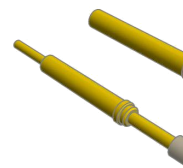

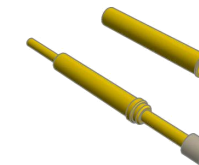

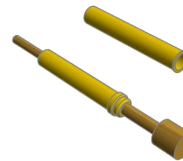

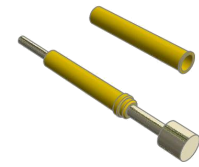

Guide pin

WA FB 70

Set of 2 pcs.

Pressure plate centering

Including screws
